Rev: March 2024

ESC is a networked, electroacoustic trio comprised of Elaine Lillios, Scott Deal, and Christopher Biggs. The group creates web-based and live sound art through networked means, using interactive technologies combined with acoustic percussion and creative media. Acclaimed as one of the “contemporary masters of the medium” by MIT Press’s Computer Music Journal, electroacoustic composer Elaine Lillios creates works that reflect her fascination with listening, sound, space, time, immersion, and anecdote. Scott Deal’s recordings have been described as “soaring, shimmering explorations of resplendent mood and incredible scale”...”sublimely performed”. Christopher Biggs is a composer and multimedia artist whose “original and unique musical language” blends dense, contrapuntal textures with direct, visceral expression. His music presents a “masterful combination between acoustic instruments and electronics” (Avant Scena).
